

# POST CLOSURE PLAN CFR 257.104(d) WELSH POWER PLANT PRIMARY BOTTOM ASH POND

The Written Closure Plan for the subject pond was revised in November 2020. The CCR surface impoundment will be closed by removal in accordance with CFR 257.102(c) – Closure by Removal. As such, a Post Closure Plan is not required for the facility as noted in CFR 257.104(a)(2).

The initial Post Closure Plan prepared in 2016 is no longer valid.

I certify to the best of my knowledge, information, and belief that the information contained above meets the requirements of 40 CFR § 257.104.
