**Re: American Electric Power Service Corporation
Docket No. ER18-195-000**

Dear Secretary Bose:

American Electric Power Service Corporation (“AEPSC”), on behalf of its affiliates, Public Service Company of Oklahoma (“PSO”) and Southwestern Electric Power Company (“SWEPCO”) (collectively referred to herein as “AEP West Operating Companies” or “AEP Companies”) (AEPSC and the AEP West Operating Companies are collectively referred to herein as “AEP”), hereby submits for filing for informational purposes their 2023 projected annual transmission revenue requirement (“PTRR”). This PTRR is submitted pursuant to Attachment H, Addendum 4 of the Southwest Power Pool, Inc. (“SPP”) Open Access Transmission Tariff (“SPP Tariff”)¹, which was accepted by the Federal Energy Regulatory Commission by letter order issued on June 28, 2019 in the above-referenced docket. The PTRR includes fully populated Microsoft Excel files with formulas intact.

The PTRR attached hereto has been submitted to SPP for posting (and publication, pursuant to AEP’s revised protocols) on the SPP website at:

<http://sppoasis.spp.org/documents/SWPP/MemberRelatedPostings/MemberRelatedPostings.asp>.

A copy of the notice of such posting was provided to SPP on October 31, 2022.

The 2023 PTRR is effective January 1, 2023. The PTRR reflects AEP’s corporate budgeting process to estimate costs associated with planned capital projects and anticipated O&M expenses in 2023. The PTRR contains no expenses or costs that have been alleged or judged in any administrative or judicial proceeding to be illegal, duplicative, or unnecessary costs that are demonstrably the product of discriminatory employment practices, as defined in 18 C.F.R. § 35.13(b)(7).
